

# TALAL HASSAN KHAN

## UI/UX DESIGNER

Islamabad • (+92)3192590810 • talalhassankhan2003@gmail.com • LinkedIn: [linkedin.com/in/talalhassankhan](https://linkedin.com/in/talalhassankhan) • Portfolio: [talalhassankhan.vercel.app/](https://talalhassankhan.vercel.app/)

## Summary

As a passionate UI/UX Designer with a foundation in Software Engineering, I specialize in creating clean, intuitive, and user-centered digital interfaces. With hands-on experience in tools like Figma, Adobe Illustrator, and Photoshop, I have designed responsive and functional products ranging from mobile apps to complex dashboards. I aim to craft designs that not only look great but also solve real user problems and enhance overall experience.

## FINAL YEAR PROJECT

### SALONSPHERE (GLIMMER)

09/2024 - 06/2025

A web platform for salon service booking and product purchases

- Developed a full-stack salon booking platform with real-time appointment scheduling and vendor registration.
- Integrated product listings and a minimal AI chatbot for personalized user interaction.
- Managed backend functionality and data storage using MongoDB.
- Deployed the application using Vercel: [salonsphere.vercel.app](https://salonsphere.vercel.app/)
- Tech Stack: Next.js, Tailwind CSS, TypeScript, Node.js, MongoDB, Vercel, Git.

## OTHER PROJECTS

### QUICKLIFT – A RIDE SHARING APP UI/UX DESIGN

09/2023 - 01/2024

- A low-fare ride-sharing app UI focused on simplicity and user accessibility
- Designed a full app interface including onboarding, ride selection, tracking, and payment flows
- Created wireframes, interactive prototypes, and high-fidelity designs using Figma

[QuickLift Prototype](#)

### CRYPT2CALL APP UI/UX DESIGN

09/2024 - 12/2024

UI/UX Design project for a secure communication app

[Crypt2Call Prototype](#)

- Designed the interface for Crypt2Call, an encrypted voice and messaging app
- Created wireframes, prototypes, and high-fidelity designs for authentication, chat, calls, status updates, communities, and user settings using Figma

### SNAPLEADS

02/2024 - 07/2024

- A lead management dashboard UI for monitoring campaigns, agents, and conversions
- Created a structured, data-driven dashboard layout to streamline lead tracking workflows
- Designed user-friendly interfaces for KPIs, campaign creation, analytics, and agent panels in Figma

[SNAPLEADS Prototype](#)

## WORK EXPERIENCE

### QuipSol

06/2025 - Present

UI/UX Designer

Onsite, Wah Cantt, Pakistan

Designed responsive and user-friendly web interfaces focused on clean UX and modern aesthetics.

Tools: Figma, Adobe Illustrator, Adobe Photoshop.

### HISKYTECH

09/2024 - 05/2025

Junior UI/UX Designer

remote-Sargodha, Pakistan

Designed modern user interfaces and interactive prototypes for web/mobile platforms.

Tools: Figma, Adobe Illustrator, Adobe Photoshop.

## EDUCATION
